*"TAMBA has beauty, elegance and genuine originality,  
qualities not so common that one can afford to pass them up."*

*– reader from South Australia*

Since the first edition came out in Autumn 1992, TAMBA has consistently published writing with a touch of class and the capacity to interest readers.

The art of writing may not attract financial reward or wide recognition for many contributors, no matter how accomplished their work may be. Their reward is personal satisfaction and a sense of creative effort shared.

Through TAMBA, the Goulburn Valley Writers Group is pleased to provide a publishing opportunity and link writers' creative work to the minds of appreciative readers.
